

KODIAK TEXTURE SPRAYER

POLE GUN TIP SIZE & APPLICATION CHART

AST Pole Gun Tips are made of hardened steel for maximum durability. They are designed for spraying drywall textures such as orange peel, fog, knockdown, and more. These tips can also be used to spray acoustic, fireproofing and other heavy materials. They are designed for rigorous commercial and residential daily usage.

Every Kodiak Texture Sprayer sold at WallTools.com includes two Free Tips, in your choice of size. You are welcome to purchase additional tips to meet all of your spray application needs.

Pole Gun Spray Tips can be used with AST Flex Guns, Short and Long Pole Guns.

This chart was designed to help you determine the correct Tip Size(s) needed to spray a variety of textures with the Kodiak Texture Sprayer.

ITEM #	DIAMETER	SIZE	TEXTURE APPLICATIONS
AST-00123		3/16 in. (4.762 5 mm)	Light orange peel and fog textures.
